This app is an overlay app. It's stay on your screen only . So it's very safe Reactions: nitiponn4211 and Ntine13241369 Reactions: Maxtraxer Because it's not a Modded apk, it's just an overlay over your screen, and 8 ball pool can never detect it. Been using it for months now and I play 8 ball pool for an average of 12 hours before just hard grinding to reach billions, and not once I got BANNED or even a warning., and alot of people are using these app, like the pro players out there, the ones that are only level 40 or 50 and they have billions and playing in Berlin or playing really good, they all are using this one at least alot of them are using this App. . Banned after a week. Many have been banned using this. They've put an algorithm in to detect this. Reactions: Red 4nx Aint that safe since its from google play Page 2 2.9 B of coins.that's cool Reactions: Amin gill Hello and thanks for this!
